COMPANY PROFILE

Over the past 7 years, Wired Tech Internet has been offering a wide range of products which includes internet access, email, security and hosting services to business and residential customers across the Limpopo Region. With the specific needs and priorities of business in mind, our products have been designed to help increase productivity and efficiency while reducing overall costs and ensuring the highest possible reliability.

With infrastructure built on best of breed equipment, world class partners and highly skilled staff dedicated to customer service excellence, we give you the peace of mind that your business requirements are in the best possible hands. With 24/7 monitoring and support, and Service Level Agreements (SLA) customised to your requirements and budget, we ensure that you and your business stay connected.

At the heart of our success is the practice of working closely with our clients to provide creative, strategic, and development services that assist them in meeting their business objectives.

Mission

We believe in looking towards the future with great visions and endless inventions in developing technologies, products and services to suit our customers' needs both today and in the future to live up to the company's standards.

Furthermore, Wired Tech provides internet and IT solutions for our corporate customers who hope to gain competitive advantages. Our services on internet and IT solutions are operated in 3 principles:

Stability: Providing internet services and IT solutions through a quality and stable network systems that attain the high standard of system security

Flexibility: Developing various services and solutions that are flexible, can be customized to suit business needs and operations with no limitations, and can answer to every corporate customers' need.

Dedication: Devoting to provide quality after-sale services, consultations and quick problem-solving by a team of experts that are available 24 hours a day.

Vision

By constantly searching for technological innovations that will provide performance-enhancing solutions for our customers, and striving for the highest standards of service, we will continue to champion the advancement of Internet and Business Solutions Service Provider in the Limpopo Region especially in services for corporate customers.
